Jindal Texofab Limited (JTL) is a renowned textile company with a rich history dating back to 1956 when the family ventured into the textile business as a partnership firm. Started Manufacturing unit in 1976, JTL initially focused on processing and garmenting. Over the years, JTL has evolved into a leading player in the Home textile industry, gaining expertise and expanding its operations. Today, JTL is in its third generation, and with over four decades of experience, it continues to excel in textile manufacturing and exports. With a vision for **excellence and a commitment to innovation**, Jindal Texofab Limited launched an advanced home textile processing division in 1994, dedicated to producing high-quality home linen. Today, the company stands as a leading player in the market, known for its exceptional range of **textile products and customer-centric approach**.
